# YOUR HOST & OUTFITTER

Craig & Jenny Dempster owner/operators of New Zealand Horn and Antler Safaris, are all about sharing the outstanding hunting and the beautiful scenery that New Zealand has to offer, with people who share the same passions in life.

We have come together to create an unforgettable New Zealand destination for hunters and fun seekers alike, that want a place to share their time and create new memories, all in a warm friendly family environment.

Whether it's finding your ultimate trophy, or partaking in some of the numerous activities that the country has to offer, my wife and I along with our team will ensure you have a marvellous vacation and we all look forward to spending quality time with you.

Not only is your hunting and vacation time important to us, so are the trophies that you have worked so hard to collect. Craig has been a taxidermist for the last 25 years and is very meticulous on how trophies are to be handled, right from the time the trophy is harvested to the time it arrives to your taxidermist. All trophy preparation is handled by Craig and he receives glowing comments every year from past hunting guests, that the trophy preparation is some of the best their taxidermist has ever seen.

# THE GREAT KIWI EXPERIENCE

Here at New Zealand Horn and Antler Safaris, we like to think that we are offering you more than just the opportunity to harvest a miraculous animal, we like to think that we are offering you The Great Kiwi Experience.

New Zealand Horn and Antler Safaris are all about giving you the best opportunity to harvest the fine trophies that New Zealand has on offer, at the prime times of the year to ensure the best possible outcome, at the same time as helping you to create memories and experiences that you will treasure for a life time.

We believe we have set ourselves apart from other NZ Outfitters, as we go above and beyond ensuring that you feel happy and comfortable upon your stay in our family home. You are not just a hunting guest come client to us, you are a new found friend with a friendship we would like to grow. We take great pride in setting honesty in place right from the moment we meet you, to ensure you feel welcome and relaxed while on vacation.

I Craig and my wife Jenny along with our team, ensure you will have our full attention while exploring all that our beautiful country has to offer, ensuring that each day is catered to your wants, needs and desires.

If there are members of your group not interested in partaking in the hunting opportunities, then Jenny will take the time to create a personalized trip for them, showcasing some of the best scenery, cruises, activities and history that New Zealand has to offer.

All of this is what The Great Kiwi Experience is truly about.

# CLUB NZ RED STAG HUNTS

Club NZ Red Stag Hunts have become a huge hit with our hunters. Hunters now have the freedom to hunt monster Red Stag exceeding their wildest dreams without the fear of over shooting their budget.

NZ Horn and Antler Safaris created Club NZ Red Stag Hunts to liberate hunters from restrictive scoring brackets, each with inflated prices. The opportunity to harvest Red Stag 360 to 440 gross inches gives the hunter the freedom to enjoy the hunt without any let downs or nasty surprises. Now that's "Hunting the way it should be"

We are fast building a reputation for delivering the best opportunity for hunters to harvest a monster Red Stag. The hunt is in your hands, as it should be and always will be with a Club NZ Hunt.

We have early season hunts which are in the rut period (1st March to May 15) for hunters wanting to experience the roaring, wallowing and scraping, and late season hunts (May 16 to Late August) for hunters that want to add on mountain hunts for Bull Tahr and Alpine Chamois to their stag hunt.

# 320 TO 360 RED STAG HUNTS

A photograph of a hunter with a beard and a camouflage cap, kneeling behind a large red stag. The stag is lying on its side in a grassy field with hills in the background. The stag's antlers are very large and multi-tined, extending upwards and outwards. The hunter is smiling and looking at the camera.

320 to 360 stag hunts are very popular with hunters that want more bang for their buck. You can shoot two of these stag for the cost of one big stag and take home over 640 gross inches of hard antler.

Hunters wanting to shoot multiple trophies and keep within their budget find these impressive stags the perfect fit for their hunt.

Bow hunting or rifle, husband and wife hunters, Father and son hunts, you will not be disappointed in the quality of these stags.

# BULL TAHR HUNTS

If your passion in life is mountain hunting then you won't find a more exciting mountain hunt than the Bull Tahr.

We have numerous hunting areas from private land to government concession land. Private land is well tracked for 4x4 vehicle access and is very accessible for all ages.

Our concession land is only accessible by helicopter and we spike camp on high ridge tops and remote valleys right among the animals. Our concession land will put you in some of the worlds most spectacular mountain scenery. A good level of fitness is required to truly appreciate this type of country.

The most impressive aspect of the Bull Tahr is their long lion like mane and shaggy body hair. To achieve the best quality capes all of our Tahr hunts are conducted from late April through to August.

# ALPINE CHAMOIS HUNTS

The New Zealand mountains are well populated with the Alpine chamois, their athletic ability will leave every hunter in awe. All of our Alpine Chamois hunts are conducted on government concession land. The best hunting opportunities come from using a helicopter to access the high mountain ridge tops and hunting each day from spike camps. Chamois are such a versatile trophy, they can be found at the top of the mountain, all the way down to the creek bottoms, they can be hunted most of the year, full summer coats are just as impressive as their winter coats.

A combination of Alpine Chamois and Bull Tahr complete the true mountain hunting experience of New Zealand.

# FALLOW BUCK HUNTS

A great addition to your New Zealand trophy collection, these palmated Bucks with a wide colour scheme are sure to impress. With the same body size of a good whitetail buck and the same sneaky habits they make for a challenging hunt.

# FALLOW BUCK HUNTS

# ARAPAWA RAMS & ALPINE GOATS

When New Zealand was discovered in the late 1700s New Zealand had no animals. Captain James Cook on his next voyage to NZ brought the Arapawa Ram and Alpine Goat and liberated them on to the coastal Islands off NZ as a source of meat for new settlers. Today the Arapawa Ram can only be found in New Zealand. These smaller game animals make for a fun hunt, suitable for all ages and a great story when on show in your trophy room.

# ARAPAWA RAMS & ALPINE GOATS

# WATERFOWL & SMALL GAME

The opening weekend of waterfowl starts the first weekend of May and finishes the last weekend of July. Mixed bag limits of 50 birds per hunter make for some great hunting days. Small game such as Wallabies are a great way to end your hunt if time is available after your big game hunt.
